

SUMMER FIELD WORK OPPORTUNITIES

Casino Mining Corporation will be conducting a comprehensive field program at the Casino Project Site. These field work opportunities are being provided to you as training and experience opportunities.

All reasonable costs for travel, room, and board will be provided by Casino. Please note, some costs may need to be provided up front and will be reimbursed once approved.

An honorarium of \$400 per day will be provided.

Programs include:

- Monthly Water Quality and Hydrology Sampling
- Fish Array Installation and Pit Tagging
- Fish Bearing Status Verification
- Fish Spawning Survey and Habitat Assessment
- Wildlife Field Verification Surveys
- Vegetation Mapping and Surveys
- Seed Collection

All programs will require different tasks and requirements. You do not need to commit to the entire suite of programs, only those that are of interest to you.

If you would like to participate, please contact Melanie Dallow (mdallow@casinomining.com).

Additional information is available at casinomining.com/careers.
