CMC Record Of Contact #	Event Type	Date	Participating Organizations	Event Summary
95	Meeting	May 3, 2008	Selkirk First Nation, CMC Consultant	CMC's Consultant attended the Selkirk First Nation Special Assembly and discussed resolutions and rebuilding of relationships with people on Council, in administration and in the community. Field Program: Appreciated advance notice of the program. Selkirk First Nation has some capacity challenges. CMC should contact them to determine if a field support worker might be available to help with the program. Baseline Information: CMC needs to collect baseline information to complement the available TK information. Contact Information: Selkirk First Nation provided updated contact information for the Chief, Councilors and key administration staff. Chief is available for a formal meeting the week of 08/05/19.
21	Drop-in Visit/Casual Meeting	May 4, 2008	Selkirk First Nation, CMC Consultant	2008 Field Program: Discussed the program, including using an Selkirk First Nation member for field work. Contact Info: Selkirk First Nation provided information on current contacts for Selkirk First Nation. TK: Need TK to complement the baseline information collected. Meeting: Selkirk First Nation is available for a formal meeting with CMC the week of 08/05/19. CMC to confirm availability. Concerns: (a) Potential impacts on Fort Selkirk because of its proximity to the Yukon River.
22	Open House	October 20, 2008	Selkirk First Nation, CMC Consultant, CMC	CMC provided information on CMC, the Carmacks Copper Project and the Casino Project. Open House: Attended by about 10 Selkirk First Nation members. Comments related to: consultation, Selkirk First Nation involvement in studies, potential business opportunities, project site boundaries (in relation to traditional territories), effects on the barge site, past wildlife and fish studies; TK collection, fish utilization and salmon spawning, project access and CMC's corporate strategy.
26	Meeting	October 20, 2008	Selkirk First Nation, Little Salmon-Carmacks First Nation, Tr'ondëk Hwëch'in First Nation, CMC Socio-Economic Consultant, CMC Consultant, CMC	CMC met with Selkirk First Nation Chief & Council to present the Casino project proposal, update Selkirk First Nation on current activities and address questions. A number of issues were raised and discussed. Concerns: (a) Inadequate consultation with Selkirk First Nation and a need to provide support for Selkirk First Nation to properly engage in the consultation process. (b) Tr'ondëk Hwëch'in Traditional Territory boundary included on CMC Socio-Economic Consultant's maps does not reflect Selkirk's previous understanding and they see this as an encroachment on their territory. (c) CMC's contribution to land-based damage at the Minto Landing barge site. (d) Need for a participation agreement with Selkirk First Nation. (e) Need to consider Selkirk First Nation fish and wildlife studies in the baseline assessments. (f) Concern about effects on fish spawning in lower Canadian and Britannia creeks. (g) Selkirk First Nation engagement in the environmental assessment, including the socio-economic effects assessment. (h) Methodology for collecting TK. (i) Ensuring that concerns raised by Little Salmon-Carmacks First Nation in the context of the review, and the recommendations in the YESAA report, are being addressed.
6	Meeting	March 31, 2009	Selkirk First Nation, Yukon Energy, Mines & Resources, Yukon Environment, Yukon Environmental and Socio-Economic Assessment Board, Yukon Executive Council Office, Yukon Water Board, CMC Socio-Economic Consultant, CMC Water Consultant, CMC	CMC introduced the Casino Project. Discussion was held around the geochemical characterization program. Discussion on the aquatics program centered around water quality, hydrology, fish and fish habitat.
10	Letter	June 4, 2009	Selkirk First Nation, CMC Aquatics Consultant	CMC Aquatics Consultant provided an update on the changes and improvements to the 2009 aquatics program, based on the 09/03/31 meetings. Attached a record of the questions asked/answers provided from the meeting, as well as the summary presentation material.
11	E-mail	June 9, 2009	Selkirk First Nation, CMC Aquatics Consultant	CMC Aquatics Consultant sent the letter and meeting responses for the aquatics information package. The presentation to be provided by hard copy at the 09/06/10 meeting or via an FTP site.
12	Meeting	June 10, 2009	Selkirk First Nation, CMC Aquatics Consultant, CMC Heritage & Archaeology Consultant, CMC Consultant	Aquatics: CMC Aquatics Consultant provided overview of the aquatic/water quality program, including technical aspects, timing, availability of EA-related documentation. Heritage & Archaeology: CMC Heritage & Archaeology Consultant provided an overview of the heritage & archaeology program. Selkirk First Nation noted that the road could be a bigger issue than the mine site; they would like to know the road location options and criteria. Selkirk First Nation requested that elders visit the site as part of the heritage assessment. Socio-Economics: CMC Socio-Economic Consultant provided an overview of the socio-economic program. Selkirk First Nation requested a community visit, including meeting with elders and a community meeting. Noted that follow-up is important, as are honesty and transparency in the EA process. TK: Selkirk First Nation would prefer to have TK integrated into the EA rather than be a separate report. Elders need to be involved. Field Assistant: Selkirk First Nation prefers to have a Lands and Resources staff member assist rather than a summer student to allow for better retention of learnings and improved opportunities for sharing TK. Also discussed the next steps in the process.
416	Letter	July 14, 2009	Selkirk First Nation, CMC Consultant	CMC Socio-Economic Consultant provided minutes of the 09/06/10 meeting.
14	Meeting	September 8, 2009	Selkirk First Nation, CMC Socio-Economic Consultant, CMC Heritage & Archaeology Consultant, CMC Consultant	Discussed the 2009 heritage and archaeology field program and provided information on work planned for September. CMC Heritage and Archaeology Consultant provided an overview of the work done to date and what was found during the field program. Noted that next field work will start on 09/09/11 and will include identifying sites for the 2010 field season.

CASINO

CMC Record Of Contact #	Event Type	Date	Participating Organizations	Event Summary
41	Site Visit	September 18, 2009	Selkirk First Nation, CMC	Site visit with Lands and Resources Department. Viewed activities taking place at the site, as well as the heritage and archaeology field work sites by helicopter.
17	Meeting	October 14, 2009	Selkirk First Nation, CMC Socio-Economic Consultant, CMC Heritage & Archaeology Consultant, CMC Consultant, CMC	Heritage and Archaeology Field Program: CMC Heritage and Archaeology Consultant provided overview of the September 2009 program. TK Integration in the EA: Selkirk First Nation provided overview and findings of past work tied to assessment of the Casino Trail, as well as Selkirk First Nation concerns identified in previous studies. TK Protocol: Noted that a TK protocol will be required to protect the Selkirk First Nation Elders. CMC Socio-Economic Consultant committed to draft one for review by Selkirk First Nation. 09/11/04 Elders Meeting: Arrangements for the meeting were discussed.
42	Meeting	October 20, 2009	Selkirk First Nation, CMC	Working session with Selkirk First Nation focused on the second phase of the heritage and archaeology field work conducted in 2009 and preparing for a meeting with the Lands Committee and Elders.
121	E-mail	October 30, 2009	Selkirk First Nation, CMC Aquatics Consultant	CMC Aquatics Consultant provided the TK protocol for Selkirk First Nation review.
18	Meeting	November 4, 2009	Selkirk First Nation, CMC Socio-Economic Consultant, CMC Heritage & Archaeology Consultant, CMC Consultant, CMC	Posted maps and posters about the field programs (heritage and archaeology, aquatics) and details for the proposed mine, wildlife, proposed site layout, and the aquatic regional study area and sampling sites. Presented the findings of the July and September 2009 heritage and archaeology field program. Selkirk First Nation asked that field crews be accompanied by Elders and youth. Selkirk First Nation also noted that one-on-one or small group discussions with Elders would be a welcomed approach to gathering TK information. A brief overview of the proposed environmental and socio-economic work program was provided.
78	Drop-in Visit/Casual Meeting	November 4, 2009	Selkirk First Nation, CMC Socio-Economic Consultant	In conversation with Selkirk First Nation, it was noted that there are several historical understandings relating to the project, which include negotiation of an impact and benefit agreement, continued land access for hunting and gathering by Selkirk First Nation members, right of first refusal to economic benefits from the project, and recognition of project-specific provisions in the Selkirk First Nation final agreement. Suggested that many of the Elders present have been aware of the project since its inception in 1969.
19	Memo	November 23, 2009	Selkirk First Nation, CMC	CMC provided an update on the status of the Carmacks Copper Project. Also provided an update of programs for the Casino Project: Exploration, Environmental and Socio-Economic, Air and Water, Terrestrial, Human Environment, Access Road and Power Supply. Provided information on the programs planned for 2010, as well as a summary of all meetings with Selkirk First Nation to date.
39	Meeting	December 1, 2009	Selkirk First Nation, CMC	CMC met with Selkirk First Nation to brief Chief & Council on the status of the Carmacks Copper and Casino projects. Copies of the Briefing Note prepared were circulated to help guide discussion. Discussion topics included: (a) request for CMC to do a 2- or 3-day project workshop in the community; (b) interested in the company's plans, particularly as they relate to the protection of fish and the environment; (c) interest of youth in working on the project. CMC will follow up with a letter to the Chief to confirm the 10/01/13 community meeting as well as follow up discussions on a business agreement during Roundup conference the week of 10/01/18. Concerns: (a) protection of fish and wildlife.
23	Letter	December 10, 2009	Selkirk First Nation, CMC	CMC thanked Selkirk First Nation for the 09/12/01 meeting. CMC is making arrangements for a full community meeting in Pelly on 10/01/13. Agreed to work toward signing an MOU in January.
25	Meeting	January 8, 2010	Selkirk First Nation, Environment Canada, Fisheries and Oceans Canada, Yukon Energy, Mines & Resources, Yukon Environment, Yukon Environmental and Socio-Economic Assessment Board, Yukon Water Board, CMC Socio-Economic Consultant, CMC	Presentation on the air and water programs. Discussions included: air quality, noise and climate; hydrology; water quality; hydrogeology; geochemistry; biological communities; management plans and closure plan. Concerns: (a) groundwater flow direction (if towards the Yukon River).
27	Open House	January 13, 2010	Selkirk First Nation, CMC	CMC provided overview presentation to Selkirk First Nation members regarding the project proposal.
413	Memo	March 2, 2010	Selkirk First Nation, CMC	CMC provided Selkirk First Nation with details regarding the TK and TLU studies proposed by CMC for the proposed Casino Project. Highlights included methodology, scope of research, potential support for Selkirk First Nation to engage in the studies, and proposed timeline for the work.
20	Letter	March 8, 2010	Selkirk First Nation, CMC	CMC invited Selkirk First Nation to engage in Socio-Economic studies required for the EA and submission to Yukon Environmental and Socio-Economic Assessment Board. Also requested advice on approach to First Nations and offered employment options for Selkirk First Nation members in the baseline studies work.
29	Meeting	March 16, 2010	Selkirk First Nation, CMC Consultant, CMC	A copy of the CMC January newsletter was provided; CMC discussed submitting articles for future newsletters. CMC provided field assistant job posting notices. Selkirk First Nation stated they have potential candidates for the position. Discussed the summary of "Socio-Economic Impacts Contributing to Lacks in Community Wellness" provided by Selkirk First Nation. CMC will look into the federal/territorial programs identified in the study.
30	Meeting	March 16, 2010	Selkirk First Nation, CMC Consultant, CMC	CMC provided postings for the environmental field assistant positions. Will follow up on the process for posting jobs, interviews, etc.
31	Meeting	March 16, 2010	Selkirk First Nation, CMC Consultant, CMC	TK Study: Discussed TK work for the project. Access: Discussed access to the project. Also discussed modifications to the Britannia Road, and the potential of a gravesite in that area. Consultation: CMC noted that they will be consulting with the Tr'ondek Hwetch'in and Carmacks Little Salmon First Nations on the project, in addition to consultation with Selkirk First Nation. Mining Day: Selkirk First Nation is looking at holding an open house for mining companies to present information about their projects.
32	Letter	March 29, 2010	Selkirk First Nation, CMC	CMC requested a meeting with Selkirk First Nation to discuss concerns raised by Selkirk First Nation in relation to the project.

CASINO

CMC Record Of Contact #	Event Type	Date	Participating Organizations	Event Summary
35	Meeting	April 13, 2010	Selkirk First Nation, CMC Heritage & Archaeology Consultant	Reviewed the heritage work completed and sites documented in 2009, and presented the 2010 fieldwork program. CMC Heritage and Archaeology Consultant intends to have students and Elders involved in the fieldwork. Discussed potential mitigation options for sites that would be affected by the project. A number of potential heritage sites were noted during the meeting, and will be followed up by CMC Heritage and Archaeology Consultant. Concerns: (a) potential damage to heritage sites if activities start before the site is assessed for impacts; (b) commitment to any Selkirk First Nation recommendations for protection and mitigation.
96	Meeting	April 29, 2010	Selkirk First Nation, CMC Socio-Economic Consultant, CMC Consultant	Field Assistant Positions: Contract and task descriptions were reviewed and interviews were conducted for these positions. Contracts and job offers to be finalized and discussed with Selkirk First Nation. Traps: Selkirk First Nation concerned about effects on traps near the Yukon River. Also noted that the Freegold Road Extension access route may affect nearby traps; this should be properly documented and mitigated where appropriate.
40	E-mail	April 30, 2010	Selkirk First Nation, CMC	Meeting at the Casino mine site with the Selkirk First Nation Chief & Council set for 10/05/03.
97	Meeting	May 3, 2010	Selkirk First Nation, CMC	Relationship and Agreement: Discussion on working toward a formal agreement to facilitate further discussions. Selkirk First Nation raised concerns that discussions with CMC would not be binding to the company that ultimately develops the mine. CMC will prepare a letter re: a negotiation agreement between Selkirk First Nation and CMC. Access and Roads: Selkirk First Nation raised concerns about spur roads and the amount of traffic anticipated for these roads. Suggested an alternate access route through White River. Information Sharing: Selkirk First Nation is looking at establishing a body of knowledge that can be shared by all companies contacting the First Nation for similar information. Also discussed the Freegold Road Users Group. Location: Meeting was originally planned to be held at the Casino Mine site; this location was changed to the Selkirk first Nation office right before the scheduled meeting time as Selkirk First Nation felt it was premature to meet at the mine site.
47	E-mail	April 13, 2011	Selkirk First Nation, Catana Consulting, CMC	Selkirk First Nation has asked to cancel the community visit on 11/04/14. Also noted that Freegold Road Users Group will not be able to access their facilities for their open house on 11/04/19.
48	E-mail	April 14, 2011	Selkirk First Nation, Catana Consulting	Catana provided a list of companies confirmed to attend the open house on 11/04/19, and confirmed that CMC and affiliates have not been invited to participate.
417	Meeting	April 14, 2011	Selkirk First Nation, CMC	CMC provided presentation to Selkirk First Nation highlighting the status of work underway and planned for 2011, job opportunities, and the approach to consultation and coordination of the socioeconomic work in the community.
52	Letter	May 16, 2011	Selkirk First Nation, CMC	CMC congratulated the new chief on his election to office. CMC's President requested a personal meeting to provide an update on the project and hear the chief's perspective on the proposed mine plans.
56	E-mail	July 29, 2011	Selkirk First Nation, CMC	Selkirk First Nation thanked CMC for the 11/05/24 meeting and noted that CMC's request would be forwarded to the Director of Lands and Resources.
111	Letter	September 1, 2011	Selkirk First Nation, CMC Heritage and Archaeology Consultant	CMC Heritage and Archaeology Consultant provided a summary of archaeology fieldwork completed over the summer, and noted that a historic Chinese coin was found. CMC Heritage and Archaeology Consultant will provide a summary report of their work when complete. Asked if Selkirk First Nation would like a presentation on the field work completed, as well as the coin.
58	E-mail	September 6, 2011	Selkirk First Nation, CMC Heritage and Archaeology Consultant	CMC Heritage and Archaeology Consultant provided an summary of the heritage impact assessment for the proposed Freegold Road Extension km 0-132, including the proposed airstrip and smaller access road to the airstrip. The full report will be distributed later in the winter of 2011/2012.
112	Letter	October 24, 2011	Selkirk First Nation, CMC	CMC provided an update on the status of the environmental and socio-economic work to the Land & Resource Manager. CMC is anticipating submitting the Project Proposal to Yukon Environmental and Socio-Economic Assessment Board in early 2011. Noted that CMC will be establishing technical working groups on the project and would like Selkirk First Nation to participate. Also noted that they would like to incorporate TK into the proposal in a manner acceptable to Selkirk First Nation.
113	Letter	October 24, 2011	Selkirk First Nation, CMC	CMC informed the Chief about the restructuring of the company and name change, and provided an update on the project status. CMC would like to set up a meeting with Selkirk First Nation to discuss the project in November.
116	E-mail	December 8, 2011	Selkirk First Nation, CMC	Selkirk First Nation asked if the Casino Trail route is still the primary choice for the access road; CMC confirmed it is. Casino Trail Data: Selkirk First Nation requested a copy of the data on the Casino Trail compiled by CMC. Noted that it was distributed at a Freegold Road Working Group meeting, and that copies will be provided to the Selkirk First Nation.
117	E-mail	December 8, 2011	Selkirk First Nation, CMC	Meeting with Selkirk First Nation set for 11/12/15.
118	Meeting	December 15, 2011	Selkirk First Nation, CMC Aquatics Consultant, CMC	CMC presented the aquatic baseline work (hydrology, water quality, fish and fish habitat) conducted in 2008-2011. Also discussed the options available for the potential fish habitat compensation program. A community meeting in January was also discussed.
102	Letter	January 17, 2012	Selkirk First Nation, CMC	CMC thanked Selkirk First Nation for the meeting on 11/12/15 to discuss the fish habitat compensation plan. Asked for Selkirk First Nation's thoughts on next steps in the process. CMC requested any aquatic data for Britannia Creek that Selkirk First Nation may be able to provide.
120	E-mail	January 17, 2012	Selkirk First Nation, CMC	CMC provided a letter to Selkirk First Nation as well as notes from the 11/12/15 meeting. CMC will continue to invite Selkirk First Nation to meetings with government agencies, and CMC is also happy to arrange separate meetings with Selkirk First Nation. Asked for feedback on a community meeting from Chief and Council.
125	E-mail	February 22, 2012	Selkirk First Nation, CMC	CMC requested a meeting with Selkirk First Nation on 12/03/01.

CASINO

CMC Record Of Contact #	Event Type	Date	Participating Organizations	Event Summary
127	Phone Call	February 23, 2012	Selkirk First Nation, CMC Heritage & Archaeology Consultant	Discussed availability for a pre-archaeology fieldwork meeting in April. CMC Heritage and Archaeology Consultant will call in late March to set a date.
128	E-mail	February 24, 2012	Selkirk Renewable Resource Council, CMC	CMC requested a meeting with the Selkirk Renewable Resource Council to discuss the project.
130	E-mail	March 1, 2012	Selkirk Renewable Resource Council, CMC	Selkirk First Nation could have CMC attend their next regularly scheduled meeting on 12/03/06 or 12/03/16.
131	E-mail	March 2, 2012	Selkirk Renewable Resource Council, CMC	CMC suggested that there be an informal discussion of the project on 12/03/06, then a more formal presentation at the 12/03/16 meeting.
64	E-mail	March 3, 2012	Selkirk First Nation, CMC	CMC provided a copy of the letter from CMC to Selkirk First Nation. Noted that CMC understands that Selkirk First Nation needs time to determine how they wish to handle this project, and that he is available to meet on 12/04/10 if Selkirk First Nation wishes.
136	E-mail	March 3, 2012	Selkirk Renewable Resource Council, CMC	Selkirk Renewable Resource Council noted they are looking forward to working with CMC in the future.
161	Meeting	March 6, 2012	Selkirk Renewable Resource Council, CMC	Project introduction presentation.
373	Letter	March 7, 2012	Selkirk First Nation, Selkirk Renewable Resource Council, CMC	CMC intends to discuss Selkirk First Nation's and the Selkirk Renewable Resource Council's perspectives on the Project before the Project Proposal is submitted to Yukon Environmental and Socio-Economic Assessment Board for review.
317	Letter	March 8, 2012	Selkirk First Nation, CMC Heritage and Archaeology Consultant	CMC Heritage and Archaeology Consultant provided Selkirk First Nation with a copy of the Historic Resource Impact Assessment of the Proposed Freegold Road Extension conducted under Permit 11-04-ASR and noted that field work was conducted in summer 2011, with field assistance from an Selkirk First Nation member. The report was also sent to Little Salmon-Carmacks First Nation and the Yukon Government.
137	E-mail	March 9, 2012	Selkirk First Nation, CMC	CMC requested an informal meeting with Selkirk First Nation to provide information on the project.
66	E-mail	March 12, 2012	Selkirk First Nation, Selkirk Renewable Resource Council, CMC	CMC thanked Selkirk First Nation for the meeting and attached a letter to the Renewable Resource Council.
46	Meeting	March 13, 2012	Selkirk First Nation, Selkirk Renewable Resource Council, CMC	Discussed road access alternatives.
65	Letter	March 13, 2012	Selkirk First Nation, Selkirk Renewable Resource Council, CMC	CMC thanked the Selkirk Renewable Resource Council for the meeting on 12/03/13 and looks forward to discussing a schedule for future engagement.
142	E-mail	March 14, 2012	Selkirk First Nation, CMC	CMC is confirmed to attend the 12/04/10 Chief & Council meeting.
143	Phone Call	March 14, 2012	Selkirk First Nation, CMC Heritage & Archaeology Consultant	Pre-archaeology fieldwork meeting set for 12/04/09.
91	Meeting	March 26, 2012	Selkirk First Nation, CMC	Discussed the Project.
67	Letter	March 28, 2012	Selkirk First Nation, CMC	CMC thanked Selkirk First Nation for the meeting on 12/03/26. CMC offered to arrange a community meeting the week of 12/04/23 (when they are in the Yukon), if Selkirk First Nation wishes to have a meeting at that time. CMC also offered to return at a different time to further discuss CMC's proposal.
150	E-mail	March 28, 2012	Selkirk First Nation, CMC Aquatics Consultant	CMC Aquatics Consultant invited Selkirk First Nation to visit the Casino site to review the fish habitat compensation options on 12/07/17-20. Will provide details at a later date.
151	Phone Call	April 3, 2012	Selkirk First Nation, CMC Heritage & Archaeology Consultant	12/04/09 meeting rescheduled to 12/04/17 as the original date is a holiday.
412	Meeting	April 10, 2012	Selkirk First Nation, CMC	Project update to Chief & Council.
465	Meeting	April 10, 2012	Selkirk First Nation, CMC Socio-Economic Consultant, CMC Heritage and Archaeology Consultant	CMC socioeconomic consultant met with Selkirk First Nations representatives to discuss heritage and traditional land use issues associated with the project.
152	Meeting	April 17, 2012	Selkirk First Nation, CMC Heritage & Archaeology Consultant	New project manager from CMC Heritage and Archaeology Consultant was introduced to Selkirk First Nation. CMC Heritage and Archaeology Consultant summarized the sites identified to date within the Casino Mine area. Discussed sites and recommendations for the next round of fieldwork proposed for the end of June/early July. This fieldwork is to determine significance of existing sites and could result in further work in the fall if any highly significant sites are found. CMC Heritage and Archaeology Consultant would like to hire two assistants from Selkirk First Nation for the field work.
166	E-mail	April 17, 2012	Selkirk First Nation, CMC Heritage & Archaeology Consultant	CMC Heritage and Archaeology Consultant provided an advertisement for Selkirk First Nation to post for two field assistants for the upcoming pre-archaeology fieldwork.
157	E-mail	May 4, 2012	Selkirk Renewable Resource Council, CMC	CMC requested a date in May/early June that they can meet with the Selkirk Renewable Resource Council to discuss the project and the access road in particular.
75	Letter	May 22, 2012	Selkirk Renewable Resource Council, CMC	CMC extended an invitation to attend a community meeting on the project in Carmacks on 12/05/28 or in Whitehorse on 12/05/30.
76	Letter	May 22, 2012	Selkirk First Nation, CMC	CMC extended an invitation to attend a community meeting on the project in Carmacks on 12/05/28 or in Whitehorse on 12/05/30.
147	Meeting	June 5, 2012	Selkirk First Nation, CMC	Discussion of project plan, potential effects on caribou and water quality. Selkirk First Nation stated it was not acceptable to negatively effect caribou herds and that they would like to see an alternative to heap leaching due to concerns about downstream water quality.
93	E-mail	June 14, 2012	Selkirk First Nation, CMC	CMC provided an electronic copy of his 12/06/14 letter to Selkirk First Nation Chief & Council.
94	Letter	June 14, 2012	Selkirk First Nation, CMC	CMC stated that an important component of recent discussions was the possibility of entering into an agreement that would establish a framework for building a positive relationship between Casino Mining Corporation and the Selkirk First Nation.
162	E-mail	June 14, 2012	Selkirk Renewable Resource Council, CMC	Selkirk Renewable Resource Council noted that the minutes from the May Gathering are being reviewed and will be forwarded when available. CMC assured the Selkirk Renewable Resource Council that CMC is taking their concern seriously and it may be fall before an update is available (further work is necessary during the summer).
213	E-mail	July 13, 2012	Selkirk First Nation, CMC Socio-Economic Consultant	CMC Socio-Economic Consultant requested a visit to the community to collect socio-economic data, and noted those that would be interviewed. Selkirk First Nation noted that all contacts and information must go through Chief & Council. CMC Socio-Economic Consultant responded to Selkirk First Nation's concerns.
214	E-mail	August 20, 2012	Selkirk First Nation, CMC Socio-Economic Consultant	CMC Socio-Economic Consultant confirmed that for the baseline studies, they will only be requesting interviews with those from SFN involved in the provision of community services.

CASINO

CMC Record Of Contact #	Event Type	Date	Participating Organizations	Event Summary
374	Letter	September 5, 2012	Selkirk First Nation, CMC	CMC requested a meeting with Selkirk First Nation to update them on the Casino project plan, discuss a Framework Agreement, and solicit their views on the project plan.
212	E-mail	September 6, 2012	Selkirk First Nation, CMC Socio-Economic Consultant	CMC Socio-Economic Consultant requested confirmation if CMC can do a presentation at the 12/09/10 Chief & Council meeting.
220	E-mail	September 7, 2012	Selkirk First Nation, CMC Socio-Economic Consultant	Selkirk First Nation is unable to fit a presentation from CMC on the 12/09/10 Chief & Council meeting agenda, but will contact CMC Socio-Economic Consultant regarding their next meeting.
224	E-mail	September 18, 2012	Selkirk First Nation, CMC Socio-Economic Consultant	Selkirk First Nation noted they had been trying to send an e-mail without success, and sent a test e-mail to confirm it works. CMC Socio-Economic Consultant confirmed.
219	E-mail	October 11, 2012	Selkirk First Nation, CMC Socio-Economic Consultant	CMC Socio-Economic Consultant requested that CMC presentation be after lunch for the 12/10/15 Chief & Council meeting.
239	Phone Call	October 11, 2012	Selkirk First Nation, CMC Socio-Economic Consultant	CMC presentation scheduled for the 12/10/15 Chief & Council meeting.
222	E-mail	October 12, 2012	Selkirk First Nation, CMC Socio-Economic Consultant	Time for presentation at the Chief & Council meeting confirmed. CMC Socio-Economic Consultant offered to bring lunch; Selkirk First Nation accepted.
188	Meeting	October 15, 2012	Selkirk First Nation, CMC Socio-Economic Consultant, CMC	Presentation for Chief & Council, which included a project update, as well as discussion on the consultation process, protocols, and methods; Framework Agreement; and concerns related to the Project and access route. Concerns: (a) project consultation should wait until Capstone's consultation is complete; (b) Freegold Road Extension and its potential to open up access to other users; (c) potential negative effects on the Klaza herd and mitigation design; (d) potential effects on traditional practices.
227	E-mail	October 15, 2012	Selkirk First Nation, CMC Socio-Economic Consultant	CMC Socio-Economic Consultant provided a briefing note for the meeting with Chief & Council, and noted that they will bring lunch.
467	Meeting	October 15, 2012	Selkirk First Nation, CMC Socio-Economic Consultant	Discussion of access road, energy supply and trapping issues related to the project. Concerns raised about moose and caribou.
226	E-mail	October 22, 2012	Selkirk First Nation, CMC Socio-Economic Consultant	CMC Socio-Economic Consultant requested contact information to follow up on development of an agreement with Selkirk First Nation.
198	E-mail	October 26, 2012	Selkirk First Nation, CMC Socio-Economic Consultant	CMC Socio-Economic Consultant provided notes for the 12/10/15 meeting with Chief & Council. Requested that Selkirk First Nation review and provide feedback.
238	Phone Call	November 6, 2012	Selkirk First Nation, CMC Socio-Economic Consultant	CMC Socio-Economic Consultant invited the Chief & Council to a dinner and meeting in Whitehorse during Geosciences on 12/11/20.
216	E-mail	November 13, 2012	Selkirk First Nation, CMC Socio-Economic Consultant	CMC Socio-Economic Consultant followed up on the invitation to a dinner meeting on 12/11/20. CMC Record Of Contact #	Event Type	Date	Participating Organizations	Event Summary
254	E-mail	February 19, 2013	Selkirk First Nation, CMC	Selkirk First Nation noted there is a leadership meeting on 13/02/26 with CMC. Provided names of those who will represent Selkirk First Nation at the Yukon Environmental and Socio-Economic Assessment Board meeting on 13/03/11.
248	E-mail	February 25, 2013	Selkirk First Nation, CMC	CMC provided an agenda and presentation for the 13/02/26 meeting on access road alternatives.
275	Meeting	February 26, 2013	Selkirk First Nation, CMC	Meeting with leadership. Discussed access road alternatives as well as a Cooperation Agreement.
255	E-mail	February 28, 2013	Selkirk First Nation, CMC	CMC provided an organizational chart for the Project.
256	E-mail	March 7, 2013	Selkirk First Nation, CMC	CMC provided an electronic copy of a letter and requested that it be given to the Chief & Council.
276	Letter	March 7, 2013	Selkirk First Nation, CMC	CMC requested a meeting with Chief & Council to review access options and work on a Cooperation Agreement.
402	Letter	March 8, 2013	Selkirk First Nation, CMC	CMC thanked Selkirk First Nation for the 13/02/26 meeting to discuss a Cooperation Agreement and access options for the Casino mine project and requested another meeting to further discussions.
259	E-mail	March 13, 2013	Selkirk First Nation, CMC	CMC provided a schedule for upcoming meetings on the Project. Noted that all meetings with Yukon Environmental and Socio-Economic Assessment Board and other agencies are preceded by a private meeting with Selkirk First Nation. Requested feedback from Selkirk First Nation on the meeting dates by the end of the week.
263	E-mail	March 20, 2013	Selkirk First Nation, CMC	Selkirk First Nation understands that CMC plans to file their application with Yukon Environmental and Socio-Economic Assessment Board in September instead of November or December 2013 and asked how this will impact the consultation schedule provided on 13/03/13.
264	E-mail	March 21, 2013	Selkirk First Nation, CMC	CMC confirmed the application will not be submitted to Yukon Environmental and Socio-Economic Assessment Board until November or December.
268	E-mail	March 22, 2013	Selkirk First Nation, CMC	CMC asked to whom the final package for the Closure Plan meeting on 13/03/11 should be sent.
281	Letter	March 22, 2013	Selkirk First Nation, CMC	CMC provided the final information package from the 13/03/11 meeting on the Closure Plan. Noted that a project proposal will be submitted to Yukon Environmental and Socio-Economic Assessment Board later this year. Selkirk First Nation welcomed to contact CMC to discuss further if they have any questions or require more details.
380	Letter	March 22, 2013	Selkirk First Nation, CMC	CMC provided Selkirk First Nation with presentation documents from meeting regarding closure plans, advised of timing of submission of the project proposal to the Yukon Environmental and Socio-Economic Assessment Board and requested comment on the closure plan prior to submission of the proposal.
283	Letter	March 26, 2013	Selkirk First Nation, CMC	CMC thanked Selkirk First Nation for discussions to date relating to the Casino Project and noted it would be helpful to conclude MOU discussions in the near future.
284	E-mail	March 26, 2013	Selkirk First Nation, CMC	CMC provided an electronic copy of the letter to Chief & Council regarding MOU discussions.
285	E-mail	March 27, 2013	Selkirk First Nation, CMC	CMC provided an electronic copy of the letter and final 13/03/11 meeting package.
293	E-mail	April 10, 2013	Selkirk First Nation, CMC	CMC requested a community meeting in Pelly on 13/05/16 to discuss the Project.
381	Letter	April 12, 2013	Selkirk First Nation, Yukon Executive Council Office	Yukon Environmental and Socio-Economic Assessment Board advised Selkirk First Nation of timing of submission of the Casino project proposal to Yukon Environmental and Socio-Economic Assessment Board and requested comments on the Freegold road access plan prior to submission of the proposal.
302	E-mail	April 23, 2013	Selkirk First Nation, CMC	Selkirk First Nation requested a map of the potential route that would be used if Selkirk First Nation agrees to a bridge crossing in the Minto area and a right-of-way through its traditional territory to the mine site.
303	E-mail	April 26, 2013	Selkirk First Nation, CMC	CMC provided information on reconnaissance of the route from the Yukon River around the Minto Mine to the Casino Mine, as well as the Wolverine route corridor. Engineers determined that crossing the Yukon River further downstream was not feasible. CMC noted that shared use of the existing Minto Mine access road would need further discussion.
310	E-mail	May 2, 2013	Selkirk First Nation, CMC	CMC provided a copy of the final report for the Yukon River crossing and Minto route reconnaissance.
306	E-mail	May 6, 2013	Selkirk First Nation, CMC	CMC will be stopping by the Selkirk First Nation office the following week and offered to provide Selkirk First Nation's legal counsel with an update on the Project.
307	E-mail	May 6, 2013	Selkirk Renewable Resource Council, CMC	CMC offered a casual update meeting with Selkirk First Nation on 13/05/08.
311	E-mail	May 8, 2013	Selkirk First Nation, CMC	Selkirk First Nation's legal counsel is not available for a casual meeting on 13/05/09.
316	E-mail	May 13, 2013	Selkirk First Nation, CMC Heritage and Archaeology Consultant	CMC Heritage and Archaeology Consultant will be doing follow-up heritage assessments along the proposed realignments and new proposed borrow pits to the extension of the Freegold Road this summer, and asked if the field assistant used in 2011 would be available to assist. CMC Heritage and Archaeology Consultant also requested a contact person at Selkirk First Nation with whom to provide information on past and planned heritage assessment work. CMC Heritage and Archaeology Consultant is available to meet on 13/05/15.
341	Meeting	May 16, 2013	Selkirk First Nation, CMC Aquatics Consultant	CMC provided project update.
431	Meeting	May 16, 2013	Selkirk First Nation, CMC Heritage and Archaeology Consultant	Discussed Selkirk First Nation's request for heritage monitoring ahead of road construction.
318	E-mail	May 17, 2013	Selkirk First Nation, CMC Aquatics Consultant	CMC Aquatics Consultant suggested a site visit 13/06/03-08, 19 or 26-30 to fly the access road and see the general mine layout.
319	E-mail	May 21, 2013	Selkirk First Nation, CMC Aquatics Consultant	Selkirk First Nation agreed to a site visit in June. CMC Aquatics Consultant noted he would like to collect as much information as possible to support a good fish compensation option to be presented to Fisheries and Oceans Canada and the communities. CMC Aquatics Consultant requested a date for the tour.
320	E-mail	May 21, 2013	Selkirk First Nation, CMC Heritage and Archaeology Consultant	Selkirk First Nation Chief & Council requested a hold on consultation for the heritage assessment until they have discussed the Project further internally.
321	E-mail	May 31, 2013	Selkirk First Nation, CMC Aquatics Consultant	Helicopter site visit for up to 6 Selkirk First Nation representatives set for 13/06/26.

CMC will provide further information on the alignment once it has been confirmed and refined.
337	E-mail	June 25, 2013	Little Salmon-Carmacks First Nation, CMC	Little Salmon-Carmacks First Nation requested a copy of the Proposed Management Plan relating to the proposed access road, as well as all other materials relating to the 13/07/09 Yukon Environmental and Socio-Economic Assessment Board meeting.
338	E-mail	June 26, 2013	Little Salmon-Carmacks First Nation, CMC	CMC will send out 13/07/09 Yukon Environmental and Socio-Economic Assessment Board meeting materials the following week. Will get back to Little Salmon-Carmacks First Nation regarding the Proposed Management Plan for the access road.
342	E-mail	June 27, 2013	Little Salmon-Carmacks First Nation, CMC	In response to Little Salmon-Carmacks First Nation's request, CMC resent the maps and put a hard copy of them in the mail.
367	E-mail	September 19, 2013	Little Salmon-Carmacks First Nation, CMC	CMC provided Little Salmon-Carmacks First Nation with their submission to Yukon Environmental and Socio-Economic Assessment Board for the access road engineering.
418	E-mail	September 24, 2013	Little Salmon-Carmacks First Nation, CMC	Little Salmon-Carmacks First Nation contacted CMC to arrange a meeting.
419	E-mail	September 26, 2013	Little Salmon-Carmacks First Nation, CMC	CMC returned e-mail to arrange a meeting.
420	E-mail	September 27, 2013	Little Salmon-Carmacks First Nation, CMC	CMC responded to Little Salmon-Carmacks First Nation request for a meeting and suggested following up in October.
421	E-mail	September 30, 2013	Little Salmon-Carmacks First Nation, CMC	Little Salmon-Carmacks First Nation requested feasibility studies associated with the Casino mine proposal and road access.
422	E-mail	October 2, 2013	Little Salmon-Carmacks First Nation, CMC	CMC responded to Little Salmon-Carmacks First Nation's request for baseline and feasibility studies and advised that some reports were out of date but that they would send what was current and non-confidential.
445	E-mail	October 3, 2013	Little Salmon-Carmacks First Nation, CMC Wildlife Consultant, CMC	CMC requested that Environmental Dynamics Inc. send the Little Salmon-Carmacks First Nation copies and associated shapefiles of the DEM for the Freegold Road upgrade to Little Salmon-Carmacks First Nation.
448	E-mail	October 16, 2013	Little Salmon-Carmacks First Nation, CMC Socio Economic Consultant	CMC Socio-Economic Consultant requested that Little Salmon-Carmacks First Nation provide any feedback they have regarding the socio-economic baseline report.
449	E-mail	October 17, 2013	Little Salmon-Carmacks First Nation, CMC Socio Economic Consultant	Little Salmon-Carmacks First Nation provided comments on the draft socio-economic baseline study noting that on page 55, the issue of contaminated water from the tailings at Mt. Nansen appears to be within the Village, but is actually about 60kms away. The landfill in Carmacks has high potential to pollute the village groundwater.
470	E-mail	October 21, 2013	Little Salmon-Carmacks First Nation, Casino Mining Corporation	CMC advised Little Salmon-Carmacks First Nation that the President would be able to meet with them in Whitehorse in November and invited them to attend a road access workshop in Carmacks.
390	Letter	September 6, 2013	Champagne and Aishihik First Nations, CMC	CMC introduced themselves to the Champagne and Aishihik First Nations and requested a meeting to present the project proposal for the Casino Mine.
333	Letter	June 24, 2013	Kluane First Nation, CMC	CMC offered to provide an information session for the Kluane First Nation government and community before the submission to Yukon Environmental and Socio-Economic Assessment Board this fall.
336	E-mail	June 25, 2013	Kluane First Nation, CMC	Kluane First Nation responded to CMC's invitation to engage on the Project, and would be interested in receiving more information. CMC invited them to attend the upcoming Yukon Environmental and Socio-Economic Assessment Board meeting.
446	E-mail	October 15, 2013	Kluane First Nation, CMC	CMC internal request to send e-mail of letter clarifying access road plans for the Casino project to Kluane First Nation.
447	Letter	October 15, 2013	Kluane First Nation, CMC	CMC confirmed that the access road route selection for the Casino Mine project would run off the end of the Freegold road and not follow the winter trail north of Burwash Landing, which was called the "onion creek route". CMC also responded to two other questions noting that the mine foot print is 20 square kilometres and the distance downstream between the tailings facility on Casino Creek and Dip Creek is 8.2 KM.
98	Meeting	May 27, 2010	Tr'ondëk Hwëch'in First Nation, CMC Consultant, CMC	CMC introduced the project to Tr'ondëk Hwëch'in First Nation leadership and discussed potential business opportunities for Tr'ondëk Hwëch'in First Nation. Also discussed potential benefits from the project for Tr'ondëk Hwëch'in First Nation.
99	Meeting	May 27, 2010	Tr'ondëk Hwëch'in First Nation, CMC Consultant, CMC	CMC introduced the project to the Tr'ondëk Hwëch'in First Nation Lands Department. Interest to date has focused on heritage resources. CMC will provide heritage and fish assessments to Tr'ondëk Hwëch'in First Nation when available. Concerns: (a) receiving technical information about the project for their records.
100	Memo	May 28, 2010	Tr'ondëk Hwëch'in First Nation, CMC	In follow-up to the 10/05/27 meeting, CMC provided an overview of the project as well as a summary of the various programs underway.

CASINO

CMC Record Of Contact #	Event Type	Date	Participating Organizations	Event Summary
63	Letter	February 29, 2012	Tr'ondëk Hwëch'in First Nation, CMC	Tr'ondëk Hwëch'in First Nation provided a copy of their Mining Mandate and noted they intend to set up IBAs with all proponents with significant mining projects in their traditional territory.
304	E-mail	April 29, 2013	Tr'ondëk Hwëch'in First Nation, CMC	CMC offered to provide a project update.
314	Phone Call	May 23, 2013	Tr'ondëk Hwëch'in First Nation, CMC	CMC offered to meet Tr'ondëk Hwëch'in First Nation to provide an update on the Project.
315	E-mail	May 23, 2013	Tr'ondëk Hwëch'in First Nation, CMC	CMC offered to meet Tr'ondëk Hwëch'in First Nation to provide an update on the Project.
334	Letter	June 24, 2013	Tr'ondëk Hwëch'in First Nation, CMC	CMC offered to hold an project update information session for Tr'ondëk Hwëch'in First Nation before the formal submission to Yukon Environmental and Socio-Economic Assessment Board this fall.
399	Letter	June 24, 2013	Tr'ondëk Hwëch'in First Nation, CMC	CMC contacted Tr'ondëk Hwëch'in First Nation to advise that the company would be conducting fisheries enhancement work in an area identified by Tr'ondëk Hwëch'in First Nation as being within their traditional territory. CMC requested an opportunity to make a presentation to the Tr'ondëk Hwëch'in First Nation regarding the proposed work.
357	E-mail	September 4, 2013	Tr'ondëk Hwëch'in First Nation, CMC	CMC provided Tr'ondëk Hwëch'in First Nation with a copy of the application for a Class 4 Mining Land Use Approval for the Casino Property. CMC noted that the application is for work on a mineral claim block that includes claims that fall within Tr'ondëk Hwëch'in First Nation traditional territory and invited them to review and discuss the application.
471	E-mail	November 12, 2013	Tr'ondëk Hwëch'in First Nation, Casino Mining Corporation	CMC thanked Tr'ondëk Hwëch'in First Nation for the recent meeting to discuss the exploration and development proposal for the Casino project, committed to send heritage and salmon habitat compensation reports, and invited further dialogue.
396	Letter	May 28, 2013	White River First Nation, CMC	White River First Nation advised CMC that they have not signed a lands claim agreement with Canada and Yukon and that they hold unsurrendered Aboriginal Rights and Title to the lands within our Ancestral/Traditional Territory and, based on a preliminary review of the Casino Project, White River First Nation determined that the proposed/present activity has the potential to impact their Aboriginal Rights and interests. They requested that CMC direct all communications related to this project to the White River First Nation Lands Coordinator in writing, and copied to the White River First Nation Chief and Counsel. White River First Nation is not opposed to resource development within their Ancestral/Traditional Territory but are seeking to develop a long term relationship of mutual benefit. White River First Nation looks forward to formally engaging with CMC.
335	Letter	June 24, 2013	White River First Nation, CMC	CMC offered to hold an project update information session for White River First Nation before the formal submission to Yukon Environmental and Socio-Economic Assessment Board this fall.
348	E-mail	July 9, 2013	White River First Nation, CMC	White River First Nation advised CMC that they had won a court case against the YG determining that the YG had failed to consult and noted their failure in this regard on the casino project. They advised they would be contacting CMC to set up a meeting to discuss.
349	E-mail	July 10, 2013	White River First Nation, CMC	CMC responded to message from White River First Nation and advised that they look forward to having a meeting with White River First Nation.
351	E-mail	August 14, 2013	White River First Nation, Yukon Environmental and Socio-Economic Assessment Board	White River First Nation provided CMC with a map that demonstrates the potential for Casino project impacts to White River First Nation's Aboriginal rights and interests. They expressed that consultation with White River First Nation in the pre-assessment phase is essential. White River First Nation is seeking to collaborate with Western Copper for a proper study in the Casino Project area.
355	E-mail	August 22, 2013	White River First Nation, Yukon Energy, Mines & Resources	White River First Nation advised Yukon Energy, Mines & Resources that they have Aboriginal rights and title in the project area. Requested information on funding to participate in consultation.
358	E-mail	September 4, 2013	White River First Nation, CMC	CMC invited White River First Nation to participate in the review of its application to renew the exploration authorization. A digital copy of the application was provided and a commitment was made to send hard copies.
360	E-mail	September 12, 2013	White River First Nation, CMC	CMC advised White River First Nation that they would be receiving information links to all of the technical documents related to the Casino project and that CMC is are committed to providing Yukon residents with information about this project and opportunities for people to express their views prior to our submission to Yukon Environmental and Socio-Economic Assessment Board later this year. CMC also expressed hopes that a workable agreement could be reached with White River First Nation.
398	Letter	September 12, 2013	White River First Nation, CMC	CMC invited White River First Nation to provide comments on the Casino project proposal and provided presentation materials used in a recent meetings with the Yukon Environmental and Socio-Economic Assessment Board that focused on the approach and methodology that will be used in the project proposal. CMC invited White River First Nation to contact them anytime and to have comments submitted by mid October, 2013.
370	E-mail	September 22, 2013	White River First Nation, CMC	White River First Nation inquiry to confirm that CMC had received the Northern Boundary Report.
372	E-mail	September 23, 2013	White River First Nation, CMC	CMC confirmed that they did not have the Northern Boundary report and arranged to meet White River First Nation representative to secure a USB copy of the report.
450	E-mail	October 19, 2013	White River First Nation, CMC	White River First Nation requested a meeting with CMC and asked for possible times/dates.
451	E-mail	October 21, 2013	White River First Nation, CMC	CMC responded to White River First Nation's request for a meeting and suggested an agenda be developed in advance of the meeting.

12/12/2013 11:37

CMC Record Of Contact #	Event Type	Date	Participating Organizations	Stakeholder Org. Type	Event Summary
2	Meeting	December 3, 2008	Environment Canada, Fisheries and Oceans Canada, Selkirk First Nation, Yukon Development Corporation, Yukon Economic Development, Yukon Energy, Mines & Resources, Yukon Environment, Yukon Environmental and Socio-Economic Assessment Board, Yukon Executive Council Office, Yukon Highways & Public Works, CMC Socio-Economic Consultant, CMC	Government - Territorial First Nations Government - Federal	Meeting with regulators and Selkirk First Nation to introduce and discuss the project. During the CMC presentation, discussion included: geology and mineralization, power options, road transportation, shipping options, construction, reclamation and closure, economics and schedule. During the CMC Socio-Economic Consultant presentation, discussion included: fish and fish habitat, hydrology, hydrogeology, geochemistry, terrestrial, human environment, consultation and traditional knowledge studies.
425	Letter	January 9, 2009	Yukon Environmental and Socio-Economic Assessment Board, CMC Socio-Economic Consultant	Government - Territorial	CMC Socio-Economic Consultant requested that the Casino project presentation be distributed to Yukon Environmental and Socio-Economic Assessment Board staff in advance of the meeting.
3	Meeting	January 14, 2009	Yukon Environmental and Socio-Economic Assessment Board, CMC Socio-Economic Consultant, CMC Aquatics Consultant, CMC	Government - Territorial	CMC introduced the Casino Project to the Yukon Environmental and Socio-Economic Assessment Board Executive Committee and staff.
1	Meeting	February 1, 2009	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	Presentation to Fisheries and Oceans Canada on the aquatics program.
4	E-mail	March 20, 2009	Fisheries and Oceans Canada, CMC Socio-Economic Consultant	Government - Federal	CMC Socio-Economic Consultant requested a meeting on 09/03/31; confirmed by Fisheries and Oceans Canada. CMC Socio-Economic Consultant also asked that Fisheries and Oceans Canada have someone from Environment Canada at the meeting to discuss a Schedule 2 issue.
5	Meeting	March 31, 2009	Fisheries and Oceans Canada, CMC Socio-Economic Consultant, CMC	Government - Federal	Discussion of water quality, habitat assessment and compensation, water balance, fish sampling, baseline data collection, effects of climate change on water balance, monitoring and lack of winter low-flow period data.
6	Meeting	March 31, 2009	Selkirk First Nation, Yukon Energy, Mines & Resources, Yukon Environment, Yukon Environmental and Socio-Economic Assessment Board, Yukon Executive Council Office, Yukon Water Board, CMC Socio-Economic Consultant, CMC Water Consultant, CMC	Government - Territorial First Nation	CMC introduced the Casino Project. Discussion was held around the geochemical characterization program. Discussion on the aquatics program centered around water quality, hydrology, fish and fish habitat.
7	E-mail	April 1, 2009	Environment Canada, CMC	Government - Federal	Environment Canada provided an electronic copy of their road map to the TIA assessment of alternatives and Schedule 2 amendment, and committed to provide any revisions to the guidelines if approved.
37	Meeting	April 1, 2009	Environment Canada, Fisheries and Oceans Canada, CMC Socio-Economic Consultant, CMC Water Consultant, CMC	Government - Federal	Comments for this meeting have been incorporated those from the Fisheries and Oceans Canada meeting on 09/03/31.
8	Letter	May 4, 2009	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	CMC Aquatics Consultant thanked Fisheries and Oceans Canada for the 11/04/01 meeting and input on the aquatics program. Noted how they believe the project fits into the EA process, and asked for input from Fisheries and Oceans Canada to confirm the process that will be required relating to plans for a tailings impoundment area.
9	Meeting	May 13, 2009	Yukon Environmental and Socio-Economic Assessment Board, CMC Socio-Economic Consultant, CMC Consultant	Government - Territorial	Discussed TK, heritage and archaeology studies at a conceptual level. Yukon Environmental and Socio-Economic Assessment Board would like to see the TK integrated into the environmental assessment. Noted that any information put into the project proposal is public and not confidential.
13	Meeting	June 19, 2009	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	Discussed the exploration access road. Fisheries and Oceans Canada requested a high-level assessment of the embankment stabilization done last year. Fisheries and Oceans Canada requested that CMC be able to compare the results from year to year. Discussed the access road for 2010; if the road is to only be used for two years, CMC might be able to avoid culverts and bridges and move into a Fish Authorization. If the road will be used for multiple years, a bridge crossing will likely be requested.
38	Meeting	July 29, 2009	Fisheries and Oceans Canada, CMC Aquatics Consultant, CMC	Government - Federal	Discussed the aquatic program.
15	Drop-in Visit/Casual Meeting	October 2, 2009	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial	Discussed the water quality guidelines being developed by Yukon Environmental and Socio-Economic Assessment Board, as well as the importance of establishing clarity on baseline requirements and methodology for the EA. Yukon Environmental and Socio-Economic Assessment Board is also working on guidelines for wildlife issues.
16	E-mail	October 7, 2009	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial	Yukon Environmental and Socio-Economic Assessment Board provided contact information for YG, Water Resources/Inspections for CMC to discuss a water license.
424	Letter	December 15, 2009	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial	CMC advised Yukon Environmental and Socio-Economic Assessment Board of the status of work on the baseline studies required for the Casino project proposal and sent agendas for a series of meeting that CMC has arranged to discuss current activities and scope of work with relevant agencies to ensure all required work is done to requirements in advance of the project proposal.

CASiNO

CMC Record Of Contact #	Event Type	Date	Participating Organizations	Stakeholder Org. Type	Event Summary
24	Meeting	January 7, 2010	Fisheries and Oceans Canada, New ERA Engineering, Selkirk First Nation, Yukon Economic Development, Yukon Energy, Mines & Resources, Yukon Environment, Yukon Environmental and Socio-Economic Assessment Board, Yukon Tourism & Culture, CMC Socio-Economic Consultant, CMC Heritage & Archaeology Consultant, CMC Consultant, CMC	Government - Territorial First Nation Government - Federal	Presentations were made to outline the baseline programs and proposed approach for the Freegold Road extension, TK program, heritage and archaeology program, socio-economic program, and cumulative effects assessment. Recommendations were made and approaches to be taken for each of the programs were determined.
25	Meeting	January 8, 2010	Environment Canada, Fisheries and Oceans Canada, Selkirk First Nation, Yukon Energy, Mines & Resources, Yukon Environment, Yukon Environmental and Socio-Economic Assessment Board, Yukon Water Board, CMC Socio-Economic Consultant, CMC	Government - Territorial First Nations Government - Federal	Presentation on the air and water programs. Discussions included: air quality, noise and climate; hydrology; water quality; hydrogeology; geochemistry; biological communities; management plans and closure plan. Concerns: (a) groundwater flow direction (if towards the Yukon River).
408	Letter	February 18, 2010	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial	CMC followed up with Yukon Environmental and Socio-Economic Assessment Board regarding recent meetings with them aimed at seeking direction from Yukon Environmental and Socio-Economic Assessment Board on the approach and content for the Project Proposal for the proposed Casino mine. CMC committed to submitting a comprehensive Project Proposal that fully meets Yukon Environmental and Socio-Economic Assessment Board requirements and the information needs of First Nations, regulatory agencies and other stakeholders. During the meetings the following were identified as aspects of the program that require further discussion: Socioeconomic program, Air Quality modeling, Cumulative Effects Assessment, Project Scope (mine facilities and access road), Project Proposal Table of Contents, Environmental Impact Assessment methodology. CMC committed to undertake separate meetings to discuss each of these items with the appropriate YG staff.
28	Letter	March 2, 2010	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial	CMC Socio-Economic Consultant provided notes for the 10/01/07-08 meetings with Yukon Environmental and Socio-Economic Assessment Board and regulators. Noted the aspects of the program that require further discussion; CMC Socio-Economic Consultant committed to set up individual meetings to discuss these subjects with the appropriate staff. CMC Socio-Economic Consultant requested Yukon Environmental and Socio-Economic Assessment Board's input on the proposed approach to the key issues identified, as well as feedback and direction on the type and scope of studies and methodology discussed.
160	Meeting	April 7, 2010	Fisheries and Oceans Canada, CMC Aquatics Consultant, CMC, CMC Socio-Economic Consultant.	Government - Federal	Discussed the fish habitat compensation plan.
34	Meeting	April 12, 2010	Yukon Environment, Yukon Tourism & Culture, CMC Heritage & Archaeology Consultant	Government - Territorial	Discussion of past and current fieldwork, mitigation options, paleontological resources, old mining equipment on the property and reporting for fieldwork.
36	Meeting	April 13, 2010	Yukon Environmental and Socio-Economic Assessment Board, CMC Consultant, CMC Consultant, CMC	Government - Territorial	Discussed the socio-economic aspects of the project as follow-up to the 10/01/07 meeting with Yukon Environmental and Socio-Economic Assessment Board, including methodology, access road, communities to be included for socio-economic study vs. consultation, use of other socio-economic studies, approach, responsibilities of proponent vs. others (addressing effects). Site Visit: CMC will arrange a site visit for Yukon Environmental and Socio-Economic Assessment Board in the next couple months.
410	Letter	May 29, 2010	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Provincial	CMC advised that the field baseline program for Casino has been extended to provide more time to collect additional data in 2011 and to ensure that sufficient data is used to inform the baseline studies and assessments. CMC noted that they believe their consultation work with First Nations governments will satisfy the requirements of the Yukon Environmental and Socio-Economic Assessment Board. CMC requested input on their proposed approach to the key issues identified during the January meetings.
409	Letter	May 29, 2010	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial	CMC advised Yukon Environmental and Socio-Economic Assessment Board of their intention to extend the duration of baseline studies and requested that Yukon Environmental and Socio-Economic Assessment Board provide feedback on the proposed work to confirm that work conducted to date and studies proposed for 2010 provide an acceptable level of information to support a comprehensive Project Proposal; and to confirm that the methodology used by CMC Socio-Economic Consultant for the various components of the work that will feed into the project proposal is acceptable. CMC noted that they had conducted stakeholder meetings on the socioeconomic program; the scope of the work required for the proposed Freegold Road Extension; and review of the table of contents for a project proposal.
101	Letter	June 22, 2010	Fisheries and Oceans Canada, CMC	Government - Federal	Further to the 10/04/07 meeting, Fisheries and Oceans Canada provided detailed information to be used by CMC in developing their fish habitat compensation plans.
423	Letter	July 12, 2010	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial	CMC provided Yukon Environmental and Socio-Economic Assessment Board with a summary and reflection of CMC's understanding of meetings with Yukon Environmental and Socio-Economic Assessment Board in the first quarter of 2010. CMC acknowledged Yukon Environmental and Socio-Economic Assessment Board's requirement that CMC satisfy the need to adequately consult with First Nations affected by the project. CMC also advised that the baseline research would be extended for another year to ensure comprehensive collection of required data.

CASINO

CMC Record Of Contact #	Event Type	Date	Participating Organizations	Stakeholder Org. Type	Event Summary
44	E-mail	April 11, 2011	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	Fisheries and Oceans Canada asked questions on a culvert installation on Canadian Creek and the required Fisheries Act authorization.
45	E-mail	April 18, 2011	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	CMC Aquatics Consultant provided answers to the culvert install questions posed by Fisheries and Oceans Canada.
103	Meeting	April 20, 2011	Fisheries and Oceans Canada, CMC Aquatics Consultant, CMC	Government - Federal	Project Update: CMC provided update on the pre-feasibility study and go-forward plans for submitting the proposal to Yukon Environmental and Socio-Economic Assessment Board. Work Plan: Discussed meetings to date, as well as Nav Waters involvement in the compensation plan. Instream Flow Approach: Discussion on the approach to be used for instream flow HADD. Compensation: Discussion of the compensation plan and how to compensate for impacts.
49	E-mail	April 29, 2011	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	Fisheries and Oceans Canada provided information on timing for the Fisheries Act authorization.
50	E-mail	May 3, 2011	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	Fisheries and Oceans Canada asked if CMC will be submitting a proposal to Yukon Environmental and Socio-Economic Assessment Board for the culvert installation; CMC Aquatics Consultant noted that the culvert itself does not trigger a Yukon Environmental and Socio-Economic Assessment Board review because of the watercourse size. Fisheries and Oceans Canada will forward a draft of the Fisheries Act Authorization soon.
104	Meeting	May 24, 2011	Brodie Consulting Ltd., Environment Canada, Hutchinson Environmental Sciences, Knight Piesold Consulting, Marsland Environmental Associates, Selkirk First Nation, Source Environmental, Yukon Energy, Mines & Resources, Yukon Environment, Yukon Environmental and Socio-Economic Assessment Board, Yukon Water Board, CMC Water Consultant, CMC Aquatics Consultant, CMC	Government - Territorial First Nation Government - Federal	Discussions held on operations, water, air quality, noise, tailings, TIA design and closure bonds.
105	Meeting	May 25, 2011	Fisheries and Oceans Canada, Yukon Environment, CMC Aquatics Consultant, CMC	Government - Federal	Multiple Accounts Workshop: CMC committed to hold an internal workshop as well as one with agencies this year. Fish Habitat Compensation: Site visit for Fisheries and Oceans Canada on 11/06/07 to discuss fish habitat compensation options. CMC will send Fisheries and Oceans Canada a work plan for the instream flow program when complete. Transport Canada wants to review the plan at some point. Fisheries and Oceans Canada Authorization: Fisheries and Oceans Canada will provide guidance on the current Fisheries and Oceans Canada authorization for placer mining on Canadian Creek and rehabilitating this site.
106	Meeting	May 25, 2011	Environment Canada, CMC Aquatics Consultant, CMC	Government - Federal	Water Quality Program: Discussed the program as well as potential groundwater issues. Site Tour: CMC will set up a tour of the site for Environment Canada on 11/07/12.
107	Site Visit	June 8, 2011	Fisheries and Oceans Canada, CMC Aquatics Consultant, CMC	Government - Federal	Site visit with Fisheries and Oceans Canada. Reviewed environmental stations and visited potential compensation sites. Reviewed the instream flow program, water supply options and tailings options.
60	Phone Call	June 20, 2011	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	Discussed the culvert installation in relation to the final review of the Fisheries and Oceans Canada Fisheries Act Authorization.
51	E-mail	June 21, 2011	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	Conversation with Fisheries and Oceans Canada regarding requirements and reasons for delay of the final review of the Fisheries and Oceans Canada authorization.
53	E-mail	June 22, 2011	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	CMC Aquatics Consultant provided information on Plan B for crossing the tributary to Canadian Creek.
54	E-mail	June 22, 2011	Fisheries and Oceans Canada, CMC	Government - Federal	CMC outlined their rationale as to why they expected that Fisheries and Oceans Canada would allow the culvert installation to proceed without further Yukon Environmental and Socio-Economic Assessment Board involvement. Also requested confirmation that a water license is not required for this approval.
55	E-mail	July 7, 2011	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	Fisheries and Oceans Canada provided guidance on the questions asked by CMC Aquatics Consultant at the 11/07/08 site visit: (a) salmon spawning habitat creation as compensation; (b) conversion of stream habitat into lake habitat; (c) fish-frequented waters; (d) compensation in areas not frequented by fish; and (e) upper stream sections isolated by the TIA (but not flooded).
74	E-mail	July 11, 2011	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	CMC Aquatics Consultant thanked Fisheries and Oceans Canada for the guidance on the fish habitat compensation questions arising from the June site visit. Noted that comments align with what CMC Aquatics Consultant had assumed and they make sense.
108	Site Visit	July 12, 2011	Fisheries and Oceans Canada, CMC Aquatics Consultant, CMC	Government - Federal	Site visit to look for suitable habitat compensation areas. Assessed some areas, and noted other areas for which assessments needed to be done.
109	Site Visit	July 12, 2011	Environment Canada, CMC Aquatics Consultant	Government - Federal	Visit to the mine site with Environment Canada to discuss the mine layout and its potential effects on the aquatic environment.
110	Letter	July 29, 2011	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial	CMC provided a summary of the 11/05/24 meeting with Yukon Environmental and Socio-Economic Assessment Board. Thanked Yukon Environmental and Socio-Economic Assessment Board for their time and effort on the project.
59	E-mail	September 19, 2011	Yukon Environment, CMC	Government - Territorial	CMC provided results of the ABA testing from the rock used at the Canadian Creek bridge at the Casino property. Tests confirm that the rock is not acid generating.
61	E-mail	September 26, 2011	Environment Canada, CMC Aquatics Consultant	Government - Federal	CMC Aquatics Consultant provided a copy of the results on the transformer at the mine site.

CASINO

CMC Record Of Contact #	Event Type	Date	Participating Organizations	Stakeholder Org. Type	Event Summary
62	E-mail	September 27, 2011	Environment Canada, CMC Aquatics Consultant	Government - Federal	Environment Canada confirmed that the transformer results are exempt as they are below the 2 mg/kg limit of the PCB Regulations.
114	Phone Call	October 3, 2011	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	Schedule 2 Amendment: Discussed the new policy statement to be issued. Fisheries and Oceans Canada advised CMC to provide a letter requesting guidance from Fisheries and Oceans Canada on this subject. Compensation: Discussed Britannia Creek, Canadian Creek and Mayo B Dam compensation options.
167	Phone Call	October 31, 2011	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	CMC met with Fisheries and Oceans Canada to discuss Schedule 2 amendment, compensation for Britannia Creek, Canadian Creek and Mayo B dam. Fisheries and Oceans Canada expressed that the Mayo B Dam compensation is not a preferred option, but it could be considered if it's the only viable option left on the table.
115	Phone Call	November 2, 2011	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	Discussed the decision to allow proponents to use placer mining sites as fish habitat compensation.
187	Meeting	November 22, 2011	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	Discussed the project.
427	Meeting	December 5, 2011	Environment Canada, CMC Aquatics Consultant	Government - Federal	Discussed MMER and Seepage. Will need to meet CCME and develop SSWQO where there are fish. Concerns: (a) effects of MMER and seepage on water quality and fish.
122	E-mail	January 19, 2012	Environment Canada, CMC Aquatics Consultant	Government - Federal	CMC Aquatics Consultant requested clarification on which water quality guidelines would be appropriate for the project area baseline groundwater quality analysis.
123	E-mail	February 2, 2012	Environment Canada, CMC Aquatics Consultant	Government - Federal	Environment Canada suggested a comparison of the groundwater concentrations to CCME guidelines for protection of aquatic life as a reference only. Also suggested it would be relevant to compare to the Yukon CSR values for reference. The important part is discussion of results.
428	Meeting	March 1, 2012	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	Discussed culvert crossings, and if the Freegold Road Risk Assessment Framework should apply.
135	Meeting	March 6, 2012	Village of Carmacks, CMC	Government - Municipal	CMC provided Casino project update. General discussion of the perception of the project in Carmacks. Mayor noted the importance of connecting with Little Salmon-Carmacks First Nation and provided contact names. Basics of a community meeting were discussed. CMC noted importance of keeping Carmacks Copper and Casino projects separate, and that it would be good to have the new management for the Carmacks Copper project deliver this message in person.
434	Letter	March 8, 2012	Yukon Tourism & Culture, CMC Heritage and Archaeology Consultant	Government - Territorial	CMC Heritage and Archaeology Consultant presented provided a copy of the Historic Resource Impact Assessment of the Proposed Freegold Road Extension to Yukon Tourism and Culture.
141	E-mail	March 13, 2012	Village of Carmacks, CMC	Government - Municipal	CMC follow up with Little Salmon-Carmacks First Nation as suggested at the 12/03/06 meeting. Requested confirmation of those at Little Salmon-Carmacks First Nation who should be contacted. CMC and CMC Socio-Economic Consultant (socio-economic and community work) will be in Carmacks and Pelly soon and CMC is hoping to introduce the Mayor to the CMC Socio-Economic Consultant lead.
144	E-mail	March 15, 2012	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	Meeting: Next meeting confirmed for 12/04/12. First Nation Engagement: CMC discussed habitat compensation with Selkirk First Nation at a meeting in January. Site Visit: CMC has planned a site visit to Britannia Creek and upper Canadian Creek to walk the proposed habitat compensation route with a geomorphologist on 12/07/17-20. Fisheries and Oceans Canada is invited to attend; Selkirk First Nation also invited.
145	E-mail	March 16, 2012	Fisheries and Oceans Canada, CMC	Government - Federal	Fisheries and Oceans Canada thanked CMC for confirming the meeting date as well as the update on First Nations engagement about the habitat compensation plan. Fisheries and Oceans Canada will confirm availability for the 12/07/17-20 site visit at a later date.
146	Letter	March 27, 2012	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	As follow-up to a phone call with Fisheries and Oceans Canada on 11/10/31, CMC formally requested clarification on whether or not a Schedule 2 amendment under MMER is required. CMC Aquatics Consultant provided information to Fisheries and Oceans Canada on water quality, and fish and fish habitat in the Casino Creek watershed and outlined the reasons CMC Aquatics Consultant does not believe a MMER amendment is required.
148	E-mail	March 27, 2012	Fisheries and Oceans Canada, CMC	Government - Federal	CMC provided an electronic copy of the letter from CMC to Fisheries and Oceans Canada regarding the applicability of a Schedule 2 amendment under MMER. Also attached was a technical memo with information on the aquatic habitat in Casino Creek.
149	E-mail	March 28, 2012	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	Fisheries and Oceans Canada confirmed receipt of the 12/03/27 letter from CMC Aquatics Consultant to Fisheries and Oceans Canada regarding the applicability of the Schedule 2 amendment under MMER.
429	Meeting	April 12, 2012	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	Discussed fish habitat compensation.
68	Meeting	April 16, 2012	Yukon Environment, Yukon Tourism & Culture, CMC Heritage & Archaeology Consultant	Government - Territorial	Summarized and discussed identified sites and recommendations for the next round of field work, which will determine the significance of existing sites and may result in requirements for further work in August/September 2012 should sites be deemed to be significant. Yukon Tourism and Culture provided recommendations and a plan was made for moving forward for regulatory approval.
153	E-mail	April 19, 2012	Yukon Tourism & Culture, CMC Heritage & Archaeology Consultant	Government - Territorial	CMC Heritage and Archaeology Consultant requested, and was provided, guidance on further requirements for traditional use sites identified on the site in 2009.

CMC Record Of Contact #	Event Type	Date	Participating Organizations	Stakeholder Org. Type	Event Summary
154	E-mail	April 25, 2012	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial	Yukon Environmental and Socio-Economic Assessment Board let CMC know they will be including information about CMC's wildlife work with Selkirk First Nation and Little Salmon-Carmacks First Nation as an example of industry/government partnership in their Wildlife Guide.
155	E-mail	April 26, 2012	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial	CMC thanked Yukon Environmental and Socio-Economic Assessment Board for including their work in the Wildlife Guide, and noted that Environmental Dynamics Inc. was instrumental in setting up the work.
156	E-mail	April 30, 2012	Yukon Tourism & Culture, CMC Heritage & Archaeology Consultant	Government - Territorial	CMC Heritage and Archaeology Consultant responded to Yukon Tourism & Culture's request for tree core data on a trail near the Casino property, requesting that Yukon Tourism & Culture contact CMC Heritage and Archaeology Consultant for the information as it is under their project scope.
69	Letter	May 1, 2012	Yukon Tourism & Culture, CMC Heritage & Archaeology Consultant	Government - Territorial	CMC Heritage and Archaeology Consultant submitted an application for an ASR Class II permit application for 2012 on behalf of CMC.
92	Meeting	May 17, 2012	Fisheries and Oceans Canada, CMC Aquatics Consultant, CMC	Government - Federal	Discussed the 12/03/27 letter from CMC Aquatics Consultant to Fisheries and Oceans Canada on if a Schedule 2 amendment is required for the project as it will affect the project scope of work and contents of the Yukon Environmental and Socio-Economic Assessment Board submission. A response is required from Fisheries and Oceans Canada by the end of September 2012 to meet CMC's timeline for submission. Fisheries and Oceans Canada will provide an information request if they require any further information to make their decision.
70	Letter	May 22, 2012	Village of Carmacks, CMC	Government - Municipal	CMC extended an invitation to attend a community meeting on the project in Carmacks on 12/05/28 or in Whitehorse on 12/05/30.
82	Letter	May 22, 2012	City of Whitehorse, CMC	Government - Municipal	CMC extended an invitation to attend a community meeting on the project in Carmacks on 12/05/28 or in Whitehorse on 12/05/30.
85	Letter	May 22, 2012	Yukon Fish and Wildlife Management Board, CMC	Government - Territorial	CMC extended an invitation to attend a community meeting on the project in Carmacks on 12/05/28 or in Whitehorse on 12/05/30.
86	Letter	May 22, 2012	Yukon Economic Development, CMC	Government - Territorial	CMC extended an invitation to attend a community meeting on the project in Carmacks on 12/05/28 or in Whitehorse on 12/05/30.
87	Letter	May 22, 2012	Yukon Environment, CMC	Government - Territorial	CMC extended an invitation to attend a community meeting on the project in Carmacks on 12/05/28 or in Whitehorse on 12/05/30.
88	Letter	May 22, 2012	Yukon Highways & Public Works, CMC	Government - Territorial	CMC extended an invitation to attend a community meeting on the project in Carmacks on 12/05/28 or in Whitehorse on 12/05/30.
89	Letter	May 22, 2012	Yukon Tourism & Culture, CMC	Government - Territorial	CMC extended an invitation to attend a community meeting on the project in Carmacks on 12/05/28 or in Whitehorse on 12/05/30.
202	E-mail	July 9, 2012	Yukon Environment, CMC Socio-Economic Consultant	Government - Territorial	Further to their call, CMC Socio-Economic Consultant requested specific information on TLU in the project area: (a) registered traplines in the footprint (RTCs 121, 116, 122, 130, 131, 145, 146, 148) and hunting zone GMA 509; (b) seasonality; (c) harvest data; (d) use of kills; (e) changes in data over time; (f) gathering activities; (g) other land uses in the area.
236	Phone Call	July 9, 2012	Yukon Environment, CMC Socio-Economic Consultant	Government - Territorial	CMC Socio-Economic Consultant requested information from Yukon Environment on traditional land use information for the project area. Yukon Environment asked that the request be e-mailed.
203	E-mail	July 27, 2012	Yukon Environment, CMC Socio-Economic Consultant	Government - Territorial	Per CMC Socio-Economic Consultant's request, Yukon Environment provided information on TLU in the project area: (a) other land uses; (b) plants harvested; (c) seasonality. Will provide the following information next week: (a) harvest data, typical use of kills, (c) changes over time.
199	E-mail	September 19, 2012	Yukon Highways & Public Works, CMC Socio-Economic Consultant	Government - Territorial	CMC Socio-Economic Consultant requested a meeting to collect socio-economic data; set for 12/10/02.
204	E-mail	September 19, 2012	Yukon Environment, CMC Socio-Economic Consultant	Government - Territorial	Yukon Environment provided some of the requested TLU information.
200	E-mail	September 25, 2012	Yukon Energy, Mines & Resources, CMC Socio-Economic Consultant	Government - Territorial	CMC Socio-Economic Consultant requested a meeting to collect socio-economic data; set for 12/10/03.
201	E-mail	September 27, 2012	Yukon Energy, Mines & Resources, CMC Socio-Economic Consultant	Government - Territorial	CMC Socio-Economic Consultant requested a meeting to collect socio-economic data.
243	E-mail	September 28, 2012	Yukon Energy, Mines & Resources (Corporate Policy & Planning), CMC Socio-Economic Consultant	Government - Territorial	Discussed date for socio-economic data collection meeting; CMC Socio-Economic Consultant to confirm date.
189	E-mail	October 1, 2012	City of Whitehorse, CMC Socio-Economic Consultant	Government - Municipal	Socio-economic data collection. Discussed housing, employment and community well-being. Concerns: (a) availability and condition of rental housing; (b) potential negative effects on community well-being.
193	Meeting	October 1, 2012	Yukon Energy, Mines & Resources, CMC Socio-Economic Consultant	Government - Territorial	Socio-economic data collection. Discussed road access and infrastructure, other industry in the area (specifically mining), government spending. Concerns: (a) effect of increased road infrastructure on hunting.
197	Meeting	October 1, 2012	Yukon Energy, Mines & Resources, CMC Socio-Economic Consultant	Government - Territorial	Socio-economic data collection. Discussed potential roads for transport of ore, mitigation, effects on wildlife, economy, current issues with First Nations in the area, employment and housing. Concerns: (a) effect of hauling ore (road use) on the Klaza herd; (b) inadequate local labour force; (c) housing for Casino employees.
233	Meeting	October 1, 2012	Yukon Housing Corporation, CMC Socio-Economic Consultant	Government - Territorial	Socio-economic data collection. Discussed housing in Whitehorse and the smaller communities in the area. Concerns: (a) supply of housing in smaller communities; (b) lack of lots available for building in Whitehorse; (c) cost of rental housing.

CMC Record Of Contact #	Event Type	Date	Participating Organizations	Stakeholder Org. Type	Event Summary
246	E-mail	October 1, 2012	Yukon Energy, Mines & Resources (Corporate Policy & Planning), CMC Socio-Economic Consultant	Government - Territorial	CMC Socio-Economic Consultant suggested meeting at 10:00 am on 12/10/01.
196	Meeting	October 2, 2012	Yukon Tourism & Culture, CMC Socio-Economic Consultant	Government - Territorial	Socio-economic data collection. Users in the area include hunters, trappers, some fishing, exploration and placer miners. Concerns: (a) opening up a new access route include may increase public access to wildlife and fishing areas; but positive effect is that it would open up the Dawson Range to other resource development projects.
466	Meeting	October 2, 2012	Yukon Highways & Public Works, CMC Socio-Economic Consultant	Government - Territorial	CMC Socio-Economic consultant discussed road and bridge issues related to the project and requested information on Yukon highways, their condition, budgets, responsibilities, capacity and use, related infrastructure and condition, Freegold Road/Casino Trail, access management, land use in area, potential concerns. Concerns: (a) need for upgrades to bridges and some stretches of road. (b) need access management on road to prevent overuse and access to fish and wildlife.
190	Meeting	October 3, 2012	Yukon Energy, Mines & Resources, CMC Socio-Economic Consultant	Government - Territorial	Socio-economic data collection. Discussed use of local roads and potential effects on road tenures. Concerns: (a) potential effects of road use on wildlife; (b) socio-economic effects on the Village of Carmacks; (c) traffic effects.
192	Meeting	October 3, 2012	Yukon Health & Social Services, CMC Socio-Economic Consultant	Government - Territorial	Socio-economic data collection. Discussed emergency services planning and response relating to health and social services. Concerns: (a) distance to services during emergencies.
195	Meeting	October 3, 2012	Yukon Community Services, CMC Socio-Economic Consultant	Government - Territorial	Socio-economic data collection. Discussed municipal infrastructure in Whitehorse, Pelly and Carmacks.
231	Meeting	October 3, 2012	Yukon Health & Social Services, CMC Socio-Economic Consultant	Government - Territorial	Socio-economic data collection. Discussed community social services, lack of local transportation, potential effects to community and personal well-being in Carmacks and Pelly. Concerns: (a) potential for drug and alcohol abuse, and need for mitigative strategies; (b) need for onsite skills development and career planning for project employment; (c) lack of public transportation.
234	Meeting	October 3, 2012	Yukon Energy, Mines & Resources, CMC Socio-Economic Consultant	Government - Territorial	Socio-economic data collection. Discussed the Freegold Road and other operations in the area, as well as mitigation and distribution of project information. Concerns: (a) importance of project newsletters; (b) need for mitigation and access control.
164	Phone Call	October 14, 2012	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	Discussed the Schedule 2 letter.
205	E-mail	November 23, 2012	CMC Socio-Economic Consultant, Yukon Environment	Government - Territorial	CMC Socio-Economic Consultant requested additional TLU information.
206	E-mail	November 28, 2012	Yukon Environment, CMC Socio-Economic Consultant	Government - Territorial	Yukon Environment provided information on big game harvest statistics.
207	E-mail	November 30, 2012	Yukon Environment, CMC Socio-Economic Consultant	Government - Territorial	Yukon Environment provided wildlife harvest data.
184	Letter	December 11, 2012	Fisheries and Oceans Canada, CMC Aquatics Consultant	Government - Federal	Further to previous communication, Fisheries and Oceans Canada has determined that it is not necessary to amend Schedule 2 of the MMR to use the proposed portion of Casino Creek as a TIA for the Casino Mine Project.
228	E-mail	February 6, 2013	Yukon Energy, Mines & Resources, CMC	Government - Territorial	CMC submitted the Land Application 2012 1461 comment to Yukon Energy, Mines & Resources.
241	E-mail	February 13, 2013	Yukon Community Services, CMC Socio-Economic Consultant	Government - Territorial	Wildlife Fire Management provided information on their mandate. Also requested details on the Project to assist with fire management planning as well as public information sessions.
440	Meeting	February 13, 2013	Village of Carmacks, CMC Socio-Economic Consultant	Government - Municipal	Socio-economic data collection. Discussed infrastructure and services, recreation services, community well-being, economic development, tourism, and recreational fishing and hunting/ Concerns: (a) need for a local economic development plan to assist with procurement for industry.
441	Meeting	February 13, 2013	Yukon Community Services, CMC Socio-Economic Consultant	Government - Territorial	Socio-economic data collection. Discussed their mandate and efforts to protect communities from wildfire.
443	Meeting	February 13, 2013	Yukon Energy, Mines & Resources, CMC Socio-Economic Consultant	Government - Territorial	Socio-economic data collection for the Carmacks area. Discussed services, mining in the area, local roads, local employment, community services and infrastructure, social issues, hunting. Concerns: (a) lack of community service resources; (b) high level of unemployment; (c) lack of resources at the school; (d) high number of foster homes and abandoned children; (e) potential effects on hunting.
271	E-mail	February 28, 2013	Canadian Northern Economic Development Agency, CMC	Government - Federal	CMC provided an agenda for the 13/03/11 meeting on the Closure Plan.
272	E-mail	March 4, 2013	Environment Canada, CMC	Government - Federal	Sr. Environmental Assessment Officer noted that he will attend the 13/03/11 Closure Plan meeting on behalf of Environment Canada.
258	Letter	March 7, 2013	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial	Invitation to Yukon Environmental and Socio-Economic Assessment Board Executive Committee to the 13/03/11 meeting to discuss the Project and Closure Plan.
257	Meeting	March 11, 2013	Brodie Consulting Ltd., Environment Canada, Fisheries and Oceans Canada, Knight Piesold Consulting, Marsland Environmental Associates, Selkirk First Nation, Source Environmental, Yukon Energy, Mines & Resources, Yukon Environment, Yukon Environmental and Socio-Economic Assessment Board, Yukon Executive Council Office, CMC EA Consultant, CMC Water Consultant, CMC Aquatics Consultant, Source Environmental, CMC	Government - Territorial First Nation Government - Federal	Discussed the conceptual closure plan with government agencies, including a general project overview, baseline environmental findings, geochemistry, tailings and waste rock management and the conceptual closure plan. Concerns: (a) transport of LNG; (b) creek diversion; (c) geochemical testing; (d) water management; (e) use of, and effects on, wetlands during TMF closure.

CMC Record Of Contact #	Event Type	Date	Participating Organizations	Stakeholder Org. Type	Event Summary
261	E-mail	March 11, 2013	Natural Resources Canada, CMC	Government - Federal	NRCAN was having difficulties connecting by Webex to the Closure Plan meeting. CMC offered to send the presentation and discuss the presentation further at a later date.
260	E-mail	March 15, 2013	Natural Resources Canada, CMC	Government - Federal	CMC provided the presentation from the 13/03/11 meeting on the Closure Plan.
262	E-mail	March 15, 2013	Natural Resources Canada, CMC	Government - Federal	NRCAN requested, and was provided with, a copy of the presentation from the 13/03/11 meeting.
376	Report	March 20, 2013	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial	CMC provided an outline of the proposed project proposal for Yukon Environmental and Socio-Economic Assessment Board review.
265	Letter	March 22, 2013	Yukon Environment, CMC	Government - Territorial	CMC provided notes from the 13/03/11 meeting on the Closure Plan. Noted that the project proposal submission will be made to Yukon Environmental and Socio-Economic Assessment Board later this year and noted that comments received over the next few months on the proposed closure concepts and approach are very important to preparing the submission.
266	Letter	March 22, 2013	Yukon Executive Council Office, CMC	Government - Territorial	CMC provided notes from the 13/03/11 meeting on the Closure Plan. Noted that the project proposal submission will be made to Yukon Environmental and Socio-Economic Assessment Board later this year and that comments received over the next few months on the proposed closure concepts and approach are very important to preparing the submission.
267	Letter	March 22, 2013	Fisheries and Oceans Canada, CMC	Government - Federal	CMC provided notes from the 13/03/11 meeting and noted they would be happy to discuss the Closure Plan in more detail.
273	Letter	March 22, 2013	Environment Canada, CMC	Government - Federal	CMC provided notes from the 13/03/11 meeting on the Closure Plan. Noted that the project proposal submission will be made to Yukon Environmental and Socio-Economic Assessment Board later this year and noted that comments received over the next few months on the proposed closure concepts and approach are very important to preparing the submission.
282	Letter	March 22, 2013	Yukon Water Board, CMC	Government - Territorial	CMC provided the final information package from the 13/03/11 meeting on the Closure Plan. Noted that a project proposal will be submitted to Yukon Environmental and Socio-Economic Assessment Board later this year. CMC would appreciate knowing if there are differing requirements or policies for closure that may be applied as part of the adequacy review for a project license application. The Yukon Water Board welcomed to contact CMC to discuss further if they have any questions or require more details.
377	Letter	March 22, 2013	Yukon Environment, CMC	Government - Territorial	CMC advised Yukon Environment of the status of the Casino project proposal and timing of submission to the Yukon Socioeconomic Assessment Board and requested comments on the proposal.
378	Letter	March 22, 2013	Yukon Energy, Mines & Resources, CMC	Government - Territorial	CMC provided Yukon Energy, Mines & Resources with presentation documents from meeting regarding closure plans, advised of timing of submission of the project proposal to the Yukon Environmental and Socio-Economic Assessment Board and requested comment on the closure plan prior to submission of the proposal.
379	Letter	March 22, 2013	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial	CMC provided Yukon Environmental and Socio-Economic Assessment Board with presentation documents from meeting regarding closure plans, advised of timing of submission of the project proposal to the Yukon Environmental and Socio-Economic Assessment Board and requested comment on the closure plan prior to submission of the proposal.
278	E-mail	March 25, 2013	Environment Canada, CMC Aquatics Consultant	Government - Federal	CMC Aquatics Consultant provided information regarding the Schedule 2 amendment and requested that the issue be resolved in the near future.
287	Meeting	March 25, 2013	Environment Canada, CMC Aquatics Consultant	Government - Federal	Discussed the water quality program.
286	E-mail	March 27, 2013	Yukon Water Board, CMC	Government - Territorial	CMC provided an electronic copy of the 13/03/11 meeting final information package.
381	Letter	April 12, 2013	Selkirk First Nation, Yukon Executive Council Office	Government - Territorial First Nation	Yukon Environmental and Socio-Economic Assessment Board advised Selkirk First Nation of timing of submission of the Casino project proposal to Yukon Environmental and Socio-Economic Assessment Board and requested comments on the Freegold road access plan prior to submission of the proposal.
382	Letter	April 16, 2013	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial	CMC invited Yukon Environmental and Socio-Economic Assessment Board to a meeting to discuss Valued Components related to the Casino project proposal.
384	Meeting	April 16, 2013	Yukon Executive Council Office, Yukon Environmental and Socio-Economic Assessment Board, Yukon Environmental and Socio-Economic Assessment Board, Yukon Energy, Mines & Resources, Selkirk First Nation, Yukon Environmental and Socio-Economic Assessment Board, Yukon Energy, Mines & Resources, Yukon Executive Council Office, Selkirk First Nation	Government - Territorial First Nation	Discussed valued components, and determined which ones will be used for the Project Proposal.
324	E-mail	April 18, 2013	Yukon Environment, Yukon Health & Social Services, CMC	Government - Territorial	CMC provided information on the summer/fall meeting schedule.
325	E-mail	April 19, 2013	Yukon Health & Social Services, CMC	Government - Territorial	Yukon H&SS will have co-workers who deal with socio-economic/health impacts attend the 13/05/14 meeting.
299	E-mail	April 23, 2013	Environment Canada, CMC Aquatics Consultant	Government - Federal	CMC Aquatics Consultant provided details of their SSWQO methods.
326	E-mail	April 29, 2013	Yukon Health & Social Services, CMC Socio-Economic Consultant	Government - Territorial	Meeting to discuss the socio-economic aspects of the project set for 13/05/17.

CASiNO

CMC Record Of Contact #	Event Type	Date	Participating Organizations	Stakeholder Org. Type	Event Summary
327	E-mail	May 2, 2013	Yukon Health & Social Services, CMC Socio-Economic Consultant	Government - Territorial	Details for 13/05/17 attendees, location and time confirmed.
346	Meeting	May 2, 2013	Yukon Environment, Yukon Environmental and Socio-Economic Assessment Board, Yukon Executive Council Office, CMC Wildlife Consultant, Wildlife Consultant	Government - Territorial	Discussed the status and potential effects of development on caribou populations. Yukon Environment provided potential solutions to the risks to the caribou winter range. Concerns: (a) effects of Freegold Road extension on caribou and their winter range near Hayes Creek/Selwyn River.
385	Meeting	May 14, 2013	Yukon Economic Development, Yukon Environmental and Socio-Economic Assessment Board, Yukon Health & Social Services, CMC Socio-Economic Consultant, Knight Piesold Consulting, CMC	Government - Territorial	Discussed the proposed approach for the socio-economic assessments. Yukon Environmental and Socio-Economic Assessment Board asked that CMC understand the key Aboriginal issues and deal with them as a priority.
328	E-mail	May 16, 2013	Yukon Health & Social Services, CMC Socio-Economic Consultant	Government - Territorial	Meeting attendees were confirmed.
469	Meeting	May 17, 2013	Yukon Executive Council Office, Yukon Health & Social Services, CMC Socioeconomic Consultant	Government - Territorial	CMC Socioeconomic Consultant addressed concerns raised by the Yukon Executive Council about cyanide and its implications, traffic, wages and sourcing people, boundaries, camps, and increased service requirements.
312	Meeting	May 22, 2013	Environment Canada, CMC Wildlife Consultant	Government - Federal	Reviewed the planned field program and baseline report. Environment Canada has no major issues. Concerns: (a) proposed tailings management facility and development of the wetland during closure/post-closure; (b) possible interactions with migrating and/or breeding waterfowl using the pit and/or tailing management facility; (c) interaction with species of conservation concern.
331	Phone Call	June 6, 2013	Yukon Environment, CMC Wildlife Consultant	Government - Territorial	Discussed assessment for grizzly bears in the project area.
386	Meeting	June 11, 2013	Yukon Environmental and Socio-Economic Assessment Board, CMC Water and Aquatics Consultants, CMC	Government - Territorial	Discussed water and fisheries management concepts for the Project, including tailings management and ongoing water monitoring, air quality monitoring, water quality and fish habitat in streams, climate change and potential for spills. Concerns: (a) leaching from tailings pond into surrounding groundwater; (b) effects of potential wetland contamination on the food chain; (c) seasonal changes on fish; (d) ensuring climate change is considered in the assessment; (e) potential for spills.
476	Site Visit	June 12, 2013	Yukon Energy, Mines & Resources, Wildlife Consultant, Yukon Government, CMC	Government - Municipal	Site Visit for Yukon premier, northern senator, and other stakeholders involved in the project.
477	Site Visit	June 13, 2013	Yukon Energy, Mines & Resources, Yukon Government, Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Municipal	Site visit attended by Yukon Environmental and Socio-Economic Assessment Board executive members and other regulators involved in the project.
330	E-mail	June 14, 2013	Yukon Tourism & Culture, CMC	Government - Territorial	CMC requested Yukon Tourism & Culture advice regarding an archaeology site previously identified on lower Britannia Creek that has been impacted by earlier road construction activity. Selkirk First Nation has been notified.
339	Phone Call	June 14, 2013	Yukon Tourism & Culture, CMC	Government - Territorial	Yukon Tourism & Culture will follow up internally regarding the archaeological find. Suggested that CMC should have a Heritage Resource Management Plan in place to prevent future occurrences.
391	Meeting	June 19, 2013	MacDonald Environmental Sciences Ltd., Selkirk First Nation, Yukon Water Board, CMC Environmental Consultants, CMC Water Consultant, CMC Aquatics Consultant, CMC	Government - Territorial First Nation	CMC met with Selkirk First Nation representatives to provide a technical briefing on the Casino project and address questions regarding the proposal. Several questions and suggestions were raised that require follow up.
395	Letter	June 20, 2013	Yukon Tourism & Culture, CMC	Government - Territorial	In response to reported damage of a heritage site, Yukon Tourism & Culture advised CMC that they recommend CMC put in place measures to ensure that further incidents of this kind do not occur, and to request that resources be made available to complete the recovery of a damaged site. They recommend CMC promptly develop a Heritage Resource Management Plan for the project area which includes provisions for improved heritage site protection and distinctive marking of sites in the field, and sets out communication protocols for all personnel working in the project area to assist in the recognition and protection of heritage resources. They provided an example of a Heritage Resource Management Plan for the Victoria Gold project, to be used as a template. They also requested that any work done this summer be reviewed in advance by CMC Heritage & Archaeology Consultant and if activities are taking place in proximity to any test areas or development, that CMC carry out additional archaeological recovery work at these locations.
347	E-mail	July 4, 2013	Environment Canada, Fisheries and Oceans Canada, Selkirk First Nation, Yukon Energy, Mines & Resources, Yukon Environment, Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial First Nations Government - Federal	CMC provided notes from the 13/06/11 meeting.
387	Letter	July 4, 2013	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial	CMC provided the final package from the 13/06/11 meeting and noted that they are encouraging other agencies with technical review responsibilities to participate at this stage.
406	Meeting	July 9, 2013	Carmacks Renewable Resource Council, CMC Wildlife Consultant, Selkirk First Nation, Selkirk Renewable Resource Council, Yukon Environment, Yukon Environmental and Socio-Economic Assessment Board, Yukon Executive Council Office, Yukon Government, Yukon Highways & Public Works, CMC Wildlife Consultant, CMC	Government - Territorial First Nation	CMC hosted a Terrestrial Environment Monthly Technical Meeting with a broad range of stakeholders and addressed questions and noted issues related to access construction and management, wildlife management, cumulative effects, wildlife and site monitoring.
397	Letter	July 12, 2013	Yukon Tourism & Culture, CMC	Government - Territorial	CMC provided Yukon Tourism & Culture with assurance that new management measures for protecting heritage site were in place and provided a copy of a report from CMC Heritage and Archaeology Consultant that described that assessment and management plan for the damaged site.

CASINO

CMC Record Of Contact #	Event Type	Date	Participating Organizations	Stakeholder Org. Type	Event Summary
388	Letter	July 16, 2013	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial	CMC provided final documentation and meeting minutes to Yukon Environmental and Socio-Economic Assessment Board for the meeting that reviewed the Socio-Economic Assessment approach for the Casino Mine project.
393	Letter	July 17, 2013	Yukon Tourism & Culture, CMC	Government - Territorial	Yukon Tourism and Culture provided a meeting summary regarding CMC discussions about impacts to heritage resources in the Casino project area and access routes. Yukon Tourism & Culture advised that in the immediate future, sites will be prominently flagged and signage is to be erected at each site indicating NO DISTURBANCE ZONE; a poster will be put up in the crew mess or other common location where crews are reminded of the protected status of heritage resources; a qualified Environmental Monitor with a good familiarity with heritage and archaeological resources, will be engaged to provide oversight on planned geotechnical testing on the Casino Property this season; and that Casino Mining Corporation will undertake recovery of the remnant portions of KfVi-5. Yukon Tourism & Culture also requested that when the Casino Mining Corporation's Heritage Management Plan is drafted, it should be reviewed by both the Selkirk First Nation Heritage Office and by the Yukon Tourism & Culture office. The plan needs to address how heritage resources will be protected when a change occurs in planned access or other construction at even a minor scale.
365	E-mail	July 25, 2013	Yukon Water Board, CMC Socio-Economic Consultant	Government - Territorial	CMC Socio-Economic Consultant requested water license information from the Yukon Water Board to enable mapping of water resource in the Casino project area. YWB asked which watersheds.
366	E-mail	July 29, 2013	Yukon Water Board, CMC Socio-Economic Consultant	Government - Territorial	Yukon Water Board provided CMC Socio-Economic Consultant with a spreadsheet with water licensing data for the Casino project area.
350	E-mail	August 5, 2013	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial	Yukon Environmental and Socio-Economic Assessment Board advised CMC that White River First Nation provided Yukon Environmental and Socio-Economic Assessment Board with a map demarcating an area which White River First Nation asserts to be part of their traditional territory (the "asserted territory"). White River First Nation is asserting Aboriginal rights and/or title in this area and overlaps with the Casino project. Yukon Environmental and Socio-Economic Assessment Board noted that section 50 (of the Yukon Environmental and Socio-economic Assessment Act) requires CMC to consult with any First Nation in whose territory the project will be located or might have significant environmental or socio-economic-effects.
351	E-mail	August 14, 2013	White River First Nation, Yukon Environmental and Socio-Economic Assessment Board	Government - Territorial First Nation	White River First Nation provided CMC with a map that demonstrates the potential for Casino project impacts to White River First Nation's Aboriginal rights and interests. They expressed that consultation with White River First Nation in the pre-assessment phase is essential. White River First Nation is seeking to collaborate with Western Copper for a proper study in the Casino Project area.
405	Meeting	August 20, 2013	Environment Canada, Selkirk First Nation, Yukon Environment, Yukon Environmental and Socio-Economic Assessment Board, Yukon Executive Council Office, Brodie Consulting Ltd., Knight Piesold Consulting, CMC Water Consultant, CMC	Government - Territorial First Nation Government - Federal	CMC hosted a technical briefing and discussion on the proposed heap leaching process for the Casino project. Numerous questions raised by stakeholders were addressed by the company with several follow up items identified. Most questions raised were responded to at the meeting. See specific topics for detail.
355	E-mail	August 22, 2013	White River First Nation, Yukon Energy, Mines & Resources	Government - Territorial First Nation	White River First Nation advised Yukon Energy, Mines & Resources that they have Aboriginal rights and title in the project area. Requested information on funding to participate in consultation.
359	Phone Call	September 10, 2013	Yukon Energy, Mines & Resources, CMC Socio-Economic Consultant	Government - Territorial	Yukon Energy, Mines & Resources (Forest Operations) provided CMC Socio-Economic Consultant with details regarding forestry activity, personal wood use permits, and forest road deactivation in the project area.
361	E-mail	September 13, 2013	Environment Canada, CMC	Government - Federal	CMC provided Environment Canada with notes, including questions and answers, from the 13/08/20 technical briefing meeting about the Casino heap leaching process, mitigation and closure plans.
363	E-mail	September 13, 2013	Yukon Environmental and Socio-Economic Assessment Board, CMC	Government - Territorial	CMC provided the Yukon Environmental and Socio-Economic Assessment Board with meeting notes, including questions and answers, from the 13/08/20 technical meeting regarding the heap leaching process, mitigation and closure plans for the Casino project.
364	E-mail	September 13, 2013	Yukon Environment, Yukon Environmental and Socio-Economic Assessment Board, Yukon Executive Council Office, CMC	Government - Territorial	CMC provided Yukon Environment with notes, including questions and answers, regarding the 13/08/20 technical briefing on the heap leaching process, mitigation and closure plans for the Casino project.
453	Phone Call	October 21, 2013	Yukon Energy, CMC Socio-Economic Consultant	Government - Territorial	Socio-economic data collection. Yukon Energy confirmed capacity of electrical services. Also discussed anticipated population growth.
461	Phone Call	October 24, 2013	Yukon Housing Corporation, CMC Socio-Economic Consultant	Government - Territorial	Socio-economic data collection. Discussed potential housing demand from the Project. Concerns: (a) ability of Carmacks and Pelly Crossing to provide additional housing (no problem in Whitehorse).
464	Phone Call	October 28, 2013	Yukon Energy, CMC Socio-Economic Consultant	Government - Territorial	Socio-economic data collection. Discussed capacity of power infrastructure to accommodate the Project.

TABLE 2A-3 CONSULTATION LOG - PUBLIC

12/12/2013 11:41

CMC Record Of Contact #	Event Type	Date	Participating Organizations	Stakeholder Org. Type	Event Summary
